

Social Value Statement

Learna Limited is committed to delivering exceptional services while generating positive social, economic, and environmental impacts, in line with the UK Government's Public Procurement Notice (PPN) 06/20 and NHS England guidelines.

COVID-19 Recovery

- **Employment and Community Support:** Through the provision of flexible and hybrid working, we will create job opportunities for those affected by COVID-19.
- **Health and Safety:** We will promote social distancing, and remote working, and provide mental health support to reduce demand on health services.

Tackling Economic Inequality

- **Entrepreneurship and Business Growth:** We will support SMEs and new businesses through mentoring and workshops, promoting supply chain diversity.
- **Employment and Training:** We will offer apprenticeships and skill development programs, focusing on underrepresented groups.

Fighting Climate Change

- **Sustainable Practices:** We will implement practices to reduce greenhouse gas emissions, promote waste reduction, and conserve water.
- **Community Engagement:** We will conduct environmental awareness campaigns and support community projects enhancing green spaces and biodiversity.

Equal Opportunity

- **Inclusive Recruitment:** We will adopt inclusive recruitment practices to increase the representation of disabled people and provide necessary accommodations.
- **Skill Development:** We will offer targeted training programs for disabled employees, creating pathways for career progression.

Commitment to Transparency and Improvement

- **Monitoring and Reporting:** We will regularly monitor and report on our social value initiatives, using feedback to continuously improve our impact.
- **Stakeholder Engagement:** We will engage with stakeholders through education, training, and collaborative projects to support our social value goals.

Through these commitments, **Learna** aims to contribute significantly to social value, supporting the communities we serve and ensuring sustainable and inclusive growth.
